GOLD CROSS AMBULANCE
ATTN: BRIAN LAWSON
1055 WITTMANN DR
MENASHA WI 54952

Dear Brian,

This letter is to confirm that your program entitled "Gold Cross T-E-A-M CPR & AED" does conform to the standards that are required through the Wisconsin State EMS Section for public access AED programs. This review was based on current criteria for such training that is used to evaluate programs for professional credentialing.

The approved courses for professionals in Wisconsin include, American Heart Association – "CPR for the Healthcare Professional", American Red Cross – "CPR for the Professional Rescuer", American Safety and Health Institute – "CPR Pro – Professional level CPR/AED", American Academy of Orthopedic Surgeons - Emergency Care and Safety Institute – "Professional Rescuer CPR" (formerly National Safety Council), Medic First Aid – "Basic Life Support for Professionals" (formerly EMP America).

The state of Wisconsin EMS Section does not endorse any one organization nor do we certify programs. Our review is only that the training meets the minimum acceptable components and guidelines as well as AHA recommended guidelines for such training. If you have any question please contact us as noted above.

Sincerely,

Brian D. Litza, MBA, NREMT-P, CCEMT-P
EMS Section Chief
